**Comparative Annuity Report Data on Multi-Year Guarantee and SPIA annuities are quoted monthly in Kiplinger’s Retirement Report.**

SPIA payout factors listed are for the **Life & 10 Year Certain Payment Option (“10C&C”)**. Consumers should bear in mind this is only one of many income for life payout options through a Single Premium Immediate Annuity (SPIA). The Life & 10 Year Certain Option was selected as a “middle ground” between Life Only (higher monthly income) or the Life with Joint & Survivor Option (continued payment for the life of the annuitant as well as lifetime of surviving spouse... lower monthly payments). The above options are only a few of the many choices providing lifetime income through a SPIA. Remember, as an annuitant one, cannot outlive the guaranteed income provided by the life based SPIA. Please see our attached studies on “Single Premium Immediate Annuity (SPIA) Programs” for more important details.

## Notes of Explanation on Multi-Year Guarantee Annuity (MYGA) Study

**A Multi-Year Guarantee Annuity (“CD-Like Annuity”)** offers an Interest Rate which is guaranteed for a specified number of years (usually from 3 to 10 years); and by contract the Interest Rate cannot change either up or down during this time frame. Surrender charge percentage rates will vary from carrier to carrier, but often match in years the interest rate guarantee period. At the end of the guarantee period the owner will normally have a 30-day period to either withdraw or rollover funds with no penalty— if no action is taken during this “30-day window”, the contract will automatically renew for the same period of years as in the previous contract **at a new guaranteed interest rate** (often also restarting the same early surrender penalty schedule).

**Maximum Issue Age** — This is the older age at which the company will accept premium to start a new annuity contract. Please note the variances in age for specific categories. The modifiers are as follows: “Owner”; “Annuitant”; “NQ” = Non-Qualified (funds from CD’s sale of home or other property, etc.); and “Q” = Qualified Annuity i.e., IRA, 401K, 403(b).

**Minimum Premium** — This is the smallest deposit amount a company will accept to issue the contract for a Non-Qualified (‘NQ’) or Qualified (‘Q’) funds annuity.

**Interest Rates**—Some programs offer a **Yr. 1 Bonus** which makes the 1st Year interest rate higher than the rate credited in the following years (“Other Years”).
